

## **iSTEM Early College High School Release of Information and Images**

Schools receive a large number of requests from many sources for lists of students and personal information about them. The Federal Rights and Privacy Act (S.B. 367) in part states that, (1) No person shall release or permit access to personally identifiable information concerning students, including Directory Information without consent of the parent, guardian, or custodian of each pupil who is less than 18 years of age or without the written consent of each pupil who is 18 years of age or older.

Student records shall be available only to students and their parents, eligible students, designated school officials, and designated school personnel, who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term “parents” includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term “eligible student” refers to a student who is eighteen (18) years of age or older, or a student of any age who is enrolled in a postsecondary institution.

Both parents shall have equal access to student records unless stipulated otherwise by court order or law. In the case of eligible students, parents may be allowed access to the records without the student’s consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

“Legitimate educational interest” shall be defined as a “direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the District” or if the record is necessary in order for the school official to perform an administrative, supervisory, or instructional task or to perform a service or benefit for the student or the student’s family.

Furthermore, I grant permission for iSTEM Early College High School to publicly recognize and to electronically transmit my student’s picture/class work to be used in any or all of the following methods: website, video-conferencing sessions, digital videography projects and/or school-related web cams. Use of posting on the Internet will be limited to school-related purposes.
